

Sustainable Southwater

Sustainable Southwater is a group of Southwater people who are passionate about nature and the environment and are working to raise awareness and provide solutions and alternatives to some of the everyday eco-challenges we all face. We have four initiatives on the go at the moment:

Recycling:

In collaboration with **Sussex Green Living, Southwater Parish Church and Terracycle, Sustainable Southwater** has been facilitating the successful recycling of difficult to recycle plastics in the church car park on Church Lane since 2021 where there is also a Salvation Army clothes bank. Look out for our regularly updated, cut-out-and-keep, what-goes-where recycling guides in this magazine.

Awareness:

Southwater News has featured a monthly page by **Sustainable Southwater** since 2019 covering news and topics around sustainability issues. These have included articles on water saving, green gardening, food waste, an energy guide to light bulbs, helium balloons, heat pumps, cleaning materials and even being green in lockdown!

Pop-Up Refill Shop:

New for 2025, **Sustainable Southwater** are running a pop-up shop in Lintot Square on the 2nd Saturday of each month, from 10-12.00 offering refills, sustainable swaps, eco-chat and recycling options and ideas. Come and have a look, try out some products, stay for a chat.

Drawer of Doom!

Almost everyone has a drawer full of paperclips, rubber bands and.....old electrical cables, chargers and defunct vapes, haven't they? Why not recycle it all? New for 2025 - **Sustainable Southwater** will be collecting your obsolete small electricals on the 2nd Saturday of each month, from 10-12.00, in Lintot Square so if you're popping along to the Co-op, bring it along with you and free up space for more rubber bands!

If you'd like to know more about any of these initiatives, or would like to get involved, you can find us on Facebook on our Sustainable Southwater page or you can email us at: sustainablesouthwater@gmail.com
